

## Hakim Volume 1 chapter 4

### How the First Americans Became Indians:

#### Who:

- First Americans

#### What does it mean to be native?

- You are a native of a country if you are born there
- Therefore, there are no natives to America because they were all born elsewhere

#### When did new animals come to America?

- 1500's – Spanish bring horses, mules and oxen
- Ice Age ended approximately 10,000 years ago

#### Where did this take place?

- America

#### Why did the mammoth become extinct?

- Scientists think that there was not enough water to sustain them.

#### How did they get their name? How did they survive?

- It was mistakenly given to them by Christopher Columbus
- They gathered and they learned to farm
- Spearheads and dart thrower (atlatl)

#### Notes:

- They grew corn, potatoes, sweet potatoes and squash
- Basket weaving
- Played lacrosse
- Calendar, mathematics
- Wheels were used for children's toys
